The President
The White House
Washington, D.C.

Dear Mr. President:

On June 30, 1980, 49 members of the House of Representatives and I wrote to you to express our deep concern over the prospects of selling additional equipment to Saudi Arabia for the sixty F-15's we have agreed to sell them.

Since that time, 128 other members of the House have signed an identical letter to you. I am enclosing that letter.

Again, thank you for your serious consideration of this important matter.

Sincerely,

CHRISTOPHER J. DODD
Member of Congress
